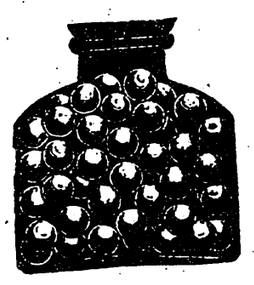
LIVER COMPLAINTS

Among civilised mankind there is no complaint so prevalent as the above, late medical statistics showing that fully one-half of nearly all the communities are to a greater or less degree afflicted with it. Under these circumstances, it is highly important that the wonderful curative powers of

BRISTOL'S SUGAR-COATED PILLS.

in Liver Complaint, should be made to the public. They are in this disease, as nearly as can be said of any medical preparation,

A PERFECT SPECIFIC!



PURELY VEGETABLE.

A remedy that is precisely as represented, and one on which the sick and ailing can always depend. Their effect is to tone and strengthen the Liver, to stimulate it in a continuous, natural, and healthy action; to prevent torpidity, to keep the bile from coagulating or becoming thick and sticky, which is always the condition in certain stages of Liver Complaint, being the preliminary to the formation of gall-stones—and the most excruciating pain in their passage through the duct into the bowels.

BRISTOL'S SUGAR-COATED PILLS.

Do not depend upon any mineral or dangerous substance for their acting upon the liver, They are purely vegetable, and entail no evil consequences upon the patient; they do not dry up the natural humidity of the bowels, thereby causing a continual necessity for further purgation, and the ultimate weakening of the entire excretory organs.

PODOPHYLLIN AND LEPTANDRIN.

The active principles of Bristol's Pills are acknowledged by all enlightened physicians to be the surest and safest remedy for every form of hepatic or biliary derangement. No other Pill, of which we have any knowledge, contain these invaluable resinoids. Prepared in our own laboratory, under our personal supervision, they insure the unvarying uniformity of operation for which Bristol's Pills have become so justly celebrated. But the powerful anti-bilious properties of these Pills are not their only virtue, they are besides a splendid tonic, a thorough yet safe cathartic, a sure cure for indigestion and dyspepsia; safe for the weakest, yet strong enough for the most robust. In short, they are an unfailing

SOURCE OF GOOD HEALTH.

To those who use them, without any of the griping, ripening, or weakening effects produced by the operation of other Pill.

In every case where there is reason to suspect that the blood is impure, or that there is any taint of Scrofula in the system, BRISTOL'S SARSAPARILLA should be used in conjunction with the Pills, the two medicines being preparde to act in harmony and when used together they ensure a speedy and complete recovery.

For Sale at all the principal Drug Stores.

THE CORDILLERA'S MAILS.

The Pacific and West Coast mail steamer Cordillera arrived on Saturday afternoon at Montevideo with European dates from Lisbon to 20th February.

Our London letter will be found a most interesting *resumé* of the latest intelligence from the United Kingdom. The general European news are as follow:—

ENGLAND.

Her Majesty the Queen, with their Royal Highnesses Princesses Louise and Beatrice and Prince Leopold, attended by the ladies and gentlemen of the suite, will leave Osborne on Friday, the 18th inst., and return to Windsor Castle.

We are glad to learn upon inquiry at noon to-day that Mr. Bright is very much better, and will leave town for a temporary repose near London to-day. It is hoped that in a short time he will be able to resume his official duties.

It is said that Monseigneur Dupanloup will certainly be made Archbishop of Lyons upon the death of Cardinal de Bonald, whose life is despaired of.

Mr. Disraeli is at present suffering from an attack of bronchitis, though not of a very serious character.

The death is announced this morning of Sir Hugh Bates Maxwell, Bart., a member of a knightly family, and one of the most ancient in Scotland one Herbert de Macusville, having assumed the name of Maxwell in the time of Malcoln IV. The deceased was the 9th baronet, and was born in 1797. His son, William Maxwell, born in 1828, succeeds to the baronetcy.

Mr. Leopold Cust, agent for Mr Smith Barry, M.P., on his Tipperary estate, has received three threatening letters, warning him to leave the country, otherwise his house will be burnt and himself murdered. Mr. Smith-Barry has also been threatened unless he parts with Mr. Cust.

A threatening letter was yesterday received by Dr. Mahon, of Westport, signed "Rory of the Hills," stating that if he did not prevent a Mr. Prendergast, of Ballina, from evicting some of his tenants, he would get the death of Hunter a landlord who met his death by the hands of an assassin about twelve months since.

The Hon. D. Plunkett is the only candidate in the field for the representation of the University of Dublin. The impression is that he will be elected without opposition. The writ for the election has been received. The Provost has fixed Monday next for the nomination.

A letter from Dr. Livingstone's brother, a consul at Fernando Po, is published in the *Glasgow Daily Herald*. The writer expresses his entire belief in the safety of the distinguished traveller.

FRANCE.

The disturbances in Paris were much more serious than the telegraphic despatches would lead to suppose. Some of the barricades were of a formidable kind, and the troops had some trouble to take them. If the insurgents had had arms and ammunition the soldiers would have found their duty of restoring order very formidable; happily they wanted officers and arms, and the result was consequently less bloody, and was arrived at in a shorter time Some papers speak of the discovery of a conspiracy against the Emperor, and state that a number of parties implicated have been arrested. This report wants confirmation.

The Legislative body have had some very stormy sittings up to the 15th. The members of the left are calling for the dissolution of the Chambers. M. Ollivier, in rebutting that proposition, said that the majority could not yield to the minority; that the administration taken from that majority, represented the opinions of the people, and would follow the liberal course they had adopted. The exciting discussions in the Chambers contributed greatly towards the agitation amongst the people.

According to reliable accounts, only one fatality occurred during the recent troubles, and that was the case of a boy who was killed by a bayonet thrust on a barricade, from which upwards of 40 shots from revolvers had been fired. Not a single shot was fired by the soldiers and the police. On the first night of the disturbances 165 persons were arrested, and 102 on the second. M. Gustave Flourens is reported to have fled to Belgium. The *Debats* says the population of Paris has shown by its attitude that it is in no way disposed to favour the promoters of disorder. The *Temps* says that the renewal of the disturbances has caused it profound regret, and that if continued their only result would be to inflict injury upon the cause of liberty. It also says the few persons who think they can overthrow a strong Government and effect a revolution without the aid of public opinion, are so inaccessible to reason that arguments, unfortunately, are thrown away upon them.

ITALY.

The Government continues to direct all its energies to improving the financial situation. There has been some agitation in the Southern provinces, which is said to have been fomented at Rome by the Bourbon party; arms, which had been seized by the police, were introduced from the Roman frontier.

It is said that an interview between their Majesties Francis Joseph of Austria and King William of Prussia is not improbable.

BAVARIA.

The differences in the Chambers between the King and the Ministry continue. The King wishes to follow the Prussian policy of Prince Hohenloe, and is disposed to dissolve the Chambers, which, in their turn, are determined not to be sacrificed.

SPAIN.

Insurrection is again showing signs of raising its head. When the cold weather disappears it is feared there will be disturbances. The Duc de Montpensier arrived at Madrid on the 13th; he visited the Regent, Prim, Topete, Figuerola and other notabilities.

The Minister of the Interior stated in the Cortes on the 14th that the Carlist party were openly conspiring and might be expected soon to take the field. He said that the Government would be able to suppress any attempt without having recourse to any extraordinary means or establishing a dictatorship. General Cabrerd has said that he will keep aloof from the movement. Such is considered likely as long as the absolutist force limits itself to guerrilla warfare.

On the night of the 15th, at La Granja, the populace raised cries of "Viva Carlos VII." The troops dispersed the crowds. In Valladolid, Victoria, and Zaragosa troops are held ready for any emergency.

CUBA.

The proposal of General Sherman in the United States Senate, for the recognition of the Cuban belligerents, has been sent to committee. At the same time Mr. Fish, Minister for Foreign Affairs, is being urged to demand satisfaction from Spain for the ill treatment of certain American citizens in Havannah, who belonged to the Spanish volunteers of the revolutionary party.

The annexation of Cuba to the States will be effected in return for the assistance in men and money, without which the insurrection would long since have been suppressed.

The Spanish papers mention victories obtained over the insurgents, but the nucleus of revolution is not yet extirpated.

Should the United States recognise the insurgents immense reinforcements of every kind will be sent thence to the insurgents.

LATEST TELEGRAMS.

London 19th.—It is stated that the Government has demanded explanations about the rumoured concentration of Turkish troops on the Servian frontier. The *Morning Post* declares that reinforcements have not yet been sent to the frontier and that no rupture has yet taken place.

Paris 16th.—The police have again seized the paper called *Marseillaise*.

Paris 17th.—The Empress is quite recovered and assisted at the ball in the Tuilleries. It is said that 20,000 soldiers have received furlough. The rumours of dissolving the Chambers are contradicted. Ollivier received a deputation to-day and said—"I thank you for your co-operation; it encourages me in the work of establishing freedom. I have to suffer many attacks; if public opinion does not aid me liberty must perish." Ollivier proposes to abolish the decree of 1851 on banishment.

Marseilles 16th.—Two Republican *emigres* have been expelled from this city.

Madrid 16th.—The Carlists on the frontier say that a revolution is to break out to-day in the provinces of Navarre, Santander and Burgos. On Monday the Carlists made a riot at La Granja shouting Viva Carlos VII! Order was restored. The authorities are on the alert in Madrid and the provinces, as the Carlists are very active.

Madrid 17th.—The Government submitted to the Cortes a project for abolishing differential duties at Cuba and Porto Rico and making one tariff for all flags.

Madrid 18th.—It is contradicted by some papers that General Cabrera has resolved to head the Carlist movement. The Carlist organs on the other hand publish a letter to-day from Cabrera promising to continue to work for the triumph of Don Carlos. A fierce debate occurred in the Cortes on the Orense elections.

Vienna 13th.—The Governments of Vienna, Paris, Munich and Madrid are going to send a notification to the Pope stating the uneasiness caused by the rumour that the Council intend to proclaim the dogma of Papal infallibility.

Vienna 14th.—Baron Beust opposes the pretensions of Austrian Poland to be formed into a kingdom like Hungary.

Vienna 16th.—The papers confirm the statement that Beust, in consequence of the recently published canons of the Œcumenical Council, has sent an energetic protest to Rome.

Rome 17th.—The Pope inaugurated the Catholic Exhibition. The Augsburg Gazette announces that the King of Bavaria has accepted Prince Hohenlohe's resignation.

Washington 14th.—The Mexican revolution gains head.

THE DEATH OF LOPEZ.

DESPATCH FROM MINISTER PARANHOS.

To H. E. Carvalho Borges
Brazilian Minister.
Asuncion, March 10th.

As yet we have no official despatch but only a note from General Camara dated Arroyo Guarú, 3rd inst. Captain Mendez Salgado, aide-de-camp to H.J. H. Count D'Eu, sends me the following relative to the affair at Aquidaban on the 1st inst. "Lopez was taken completely by surprise; his outposts and artillery had not even time to give the alarm, Just as he was trying to get his men into line a handful of our heroes fell on them, driving them into the adjoining thickets where few escaped. Lopez was killed under the very eyes of General Camara who vainly desired him to surrender: the ex-Dictator continued obstinately urging his men to fight, and was trying to escape when one of our soldiers run him through.

"Caminos, the tyrant's minister, shared the same fate as he was also trying to get away with Lopez. The Vice-President Sanchez was killed before he could be recognised. Colonel Aguiar, Majors Vargas, Azcurra, Estigarribia, Cardoso, Tristran, Solis, and several others perished in the combat. Colonel Lopez, son of the ex Dictator, was killed while escaping from the field, riding beside the carriage of his mother, Madame Lynch.

"Several prisoners have been taken, including Generals Resquin and Delgado, some superior officers, and four priests; among the last mentioned is the famous Padre Maiz.

"General Caballero with 40 men, mostly officers, made a raid from Cerro Corá in quest of cattle, but was encountered by Colonel Bento Martins, who put him to flight with the loss of his sword and baggage.

"Delvalle and Sosa while bringing up Lopez's baggage from Chiriquel wood were attacked by our men, put to flight, and their followers cut to pieces.

"Rocha, who was in the enemy's vanguard with 8 pieces of cannon, was also routed. Aveiro fled and got away in the confusion.

"We have captured Madame Lynch and 4 of her children, also the mother and sisters of Lopez: the mother was to have been shot the very day of the tyrant's death, and the sisters had also been condemned to death. The families of Caballero, Caminos, and Gill are among the prisoners and accompany our troops en route for Concepcion.

"We have taken 17 pieces of cannon.

"This great victory, thank Heaven, has only cost us three men seriously wounded and two men slightly."

I await the arrival of Gen. Camara to learn all the particulars of this brilliant deed of arms.

MONTEVIDEO,
Monday.

The Cordillera arrived on Saturday evening with important news from Europe and 162 passengers, mostly for the River Plate; those who were for this port were sent to Flores island where it is hoped none of them will share the sad fate of their predecessors, for want of food. She had 61 for Buenos Ayres and 40 for this port.

All the war vessels in port have been firing away like fun all day, as to day is the birthday of both Victor Emmanuel and the Empress of Brazil. The banquet at Count Raffo's quinta comes off this evening.

On Saturday a mournful procession of 1000 townspeople accompanied the remains of Vicente Miranda to the cemetery; deceased was a young man of much promise, aged 24 years, and was murdered the day previous by Fortunato Flores and an accomplice, both of whom have escaped justice. A funeral oration was pronounced by Dr. Ferreyra.

The Custom-house has published a summary of the shipping and tonnage of sea-geing vessels arrived in this port during 1869, viz—

	vessel	tons.
English	228	101,394
French	126	55,082
German	123	29,594
Italian	59	25,919
N. American	54	24,034
Spanish	114	21,366
Norwegian	34	13,463
Brazilian	53	13,056
Swedish	25	10 378
Dutch	42	8,169
Portuguese	27	6,661

" 1869	901	325,292
" 1868	886	309,995
" 1867	947	309,166

The increase of tonnage over 1868 was 5 per cent., and if we compare 1869 with 1860 we find the tonnage has exactly doubled in 9 years.

The Ariadne with her cargo of live cattle touched at Pernambuco for coal on Feb. 16th, having lost 7 bullocks in the 14 days from Montevideo. Her cargo comprises 250 horned cattle, 400 sheep, some horses, an Alpaca, a Llama and a Vicuña. She left again for England on the 19th.

The St. Nazaire brig from the port of that name to Montevideo put in to Ceará for supplies, having been 84 days out, of which 25 becalmed off San Roque,

Admiral Lauman, the new American admiral, arrived yesterday in his flagship Lancaster from the Falkland Islands.

The Austrian midshipman who died the other day was named Antonio Herozeg, aged 28 years, a native of Hungary; the funeral was performed with all honors under the direction of the Prussian Consul, Mr. Diehl.

Advices from Rio mention the death of Miss, Rebecca Davidson, of yellow fever; she belonged to Chiarini's troupe, who are still at Rio. The pestilence has abated to 10 deaths daily.

The Oneida brought £70,000 in gold for Conceiçao & Co., and £3,000 for M'Lean.

DREADFUL LOSSES IN THE CAMP

40,000 SHEEP DROWNED.

The severe Pampa and Southern gale which raged last Wednesday and Thursday, was felt with extreme severity in the Southern camps; the force of the gale was such as to sweep before it cattle, sheep, and horses, level montes, unroof ranchos, and cause dire distress, and severe losses. Sheep-farmers who considered themselves fortunate in shutting in their flocks in the corrals, were astounded to find hundreds piled one above another on the lee side of the corrals, a confused mass of dead and dying sheep. Those who could not shut their flocks in saw them swept before the ruthless wind, and cold, sleet and rain, until brought up by some arroyo or laguna. The Samborombom and all the arroyos in the partidos of Ranchos, Chascomus, and San Vicente, are full of dead sheep, and every ditch and 'biscachero' has its groups of dead sheep. The losses are said to be very heavy, some estancieros having lost from four to ten thousand sheep, while many a poor struggling puestero remains with but 4 or 500 out of 2 or 3,000. To fully appreciate the damage and loss sustained, it is necessary to survey the camps, and see the blank hopeless faces of the already sorely tried sheep-farmer.

It would be wrong to name as yet the principal sufferers, as so far no one can rightly estimate his losses, but we have heard with regret that Harratt, Hannah, Welchman, Reid, Jeppener, Gibbings, and many others are severe and heavy losers, viz.:

	Sheep.
Espartillar	7,000
Gibbings	1,000
Jeppener	3,000
Lezama	3,000
Harratt	10.000
Welchman	3,000
Hannah	3,000
Chivilcoy Partido	12,000

An estanciero near Oldendorff: out of 20,000 has only 3,000 left. The station master at Jeppener whose flock last week was 1,900 has just 300 and we hear of a poor native who has barely 300 left out of 4000. The country is covered with people 'campeando' in quest of sheep. Southern railway ditches are full of dead sheep.

We have not yet had news from the far South and Western Camps, but from there we much fear we shall also have to recount severe losses. Residents for upwards of 30 years in the partido of Ranchos never remember to have experienced so severe and disastrous a gale.

LONDON LETTER.

London, Feb 12, 1870.

The general calm with which the year opened still continues, but there are still ripples on the old spots near the Rhine and Nile. It is doubtful if peace in Europe is more secure under the present Ministry in France than it was under the personal government of the Emperor. Count Daru, who is virtually at the head of the present administration unites the evil characteristics of old Napoleonism and the doctrinairism of the days of Louis Phillippe. He is an ambitious mediocrity desirous of acquiring a reputation for sternness and decision. He has already commenced to measure swords with Bismark on the Bavarian question and the treaty of Prague. The Prussian statesman might understand and could humour the political intuitions of Napoleon III, but he will not submit to the common redtape bullying of a Count Daru. It is possible that Bismark can count on the support of the German party at Vienna who have lately lost so much ground that what was prophesied might come to pass, namely, the transference of the Austrian seat of Government from Vienna to the Magyar capital.

The contemplated disturbance created by Rochefort and his fellow 'gamins' to the scandal of true democracy has come to an end, put down by the police and shopkeepers of Paris. The chiefs of the republican party, even Ledru Rollin and Louis Blanc, gave the 'gamins' a wide berth.

All that is to be gathered from ministerial speeches at the opening of the British Parliament are the two facts that the Irish land question will be treated tenderly in regard to the rights of landlords, and that the law of primogeniture will be at last erased from the statute book of Great Britain. This latter reform is the most important which can occur. The remnant of the law of entail will soon follow. The land will gradually be opened to a more intelligent and enterprising class of men; it will by distribution return a greater nett produce and support the 400,000 Englishmen yearly added to the population, one-fifth of whom are paupers on the brink of starvation. The other four-fifths the property holders are making great efforts to get rid of by emigration. It is too late. Emigration can only be a present and temporary palliation to the abuses of our land system, which has reduced our agricultural population to one-sixth of the whole, whereas in France it is two-thirds, and in Belgium more. We are left without a sufficient healthy sturdy peasantry to recruit our line and militia. In case of a war we should have to subsidize a Belgian or Swiss force. The publication of the papers of the Cobden Club on the "land tenures of all countries" has opened the eyes of the stupid to the great truths which in their ignorance of political statistics they have pooh-poohed. The discussion in Parliament on the emigration question will take place on the 1st of March. It is not likely that Mr. Gladstone's Government will enter into the mad scheme gravely proposed by worthy and benevolent people, of spending 8 or 10 millions in transporting the flower of our population to take the pressure off property. That the Government may provide facilities in aid of private efforts is probable and would be just.

The great Mordaunt divorce case comes on to day. The particulars will appear in black and white, but they will scarcely do for the readers of the STANDARD. You know of course that a child was born unto Lady Mordaunt with certain diagnostic, I may say specific symptoms of which Sir Charles disclaimed all responsibility. Enquiries were instituted leading to the present petition. One of the co-respondents is, or should be, the Prince of Wales, but they have managed to get his name out of the case. The virtuous and religious society of England who are too good to go beyond a certain depth into the question of women's rights are waiting with feverish anxiety for next week's papers. But truly the inert mass is showing signs of disturbance, and queer notions are coming to the surface. I recommend your readers' attention to the article on matrimony and female subjection in the last number of the Westminster, and as a set off to the article in Fraser by Sir Henry Taylor, the author of "Philip van Artevelde." He seems to think that a fellow who 'leathers' his wife should be publicly leathered himself, and with that emendation he proposes to leave the question as it was. His article is very humorous and sensible, but he and others of the same type have the advantage over what he calls the "incandescent school" that they suppose everything else to remain as it is; the old tale of the "old bottles." But Mill and his school in proposing certain reforms have always in view contemporary changes which are untried, and therefore their benefits cannot be demonstrated by an appeal to facts.

The telegraphs have been handed over to the Post Office authorities.—They made rather an unfortunate commencement. Not a wire would work on the first day owing it is said to the electric state of the atmosphere. The tariff is cheap—1s for 20 words and 3d for every additional five words. If the Government commence to get revenue by working for it like other folk, they may soon have all the transport of persons and merchandise in their hands, and we shall have realised the very proposal made I remember in 1848 by a Socialist writer, M. Tallendier.

People are already growling at the railway despotism of private companies. The new cab law is as was expected a dead failure, and the other tyrannous police regulation in regard to refreshments at certain establishments in the neighbourhood of the Haymarket has also missed fire. The magistrates refuse to convict.

We are glad here to see that business improves in Buenos Ayres. If disappointed seekers of employment have made up their minds to stay there rather than return to the old country they do right. The labour market is much overstocked.

Calcraft the executioner is to be superannuated. The Government have already received 134 applications for the situation.

The great billiard match between John Roberts the champion and W. Cook, a young hand, for £200 a side, was decided last night at St. James's Hall, Regent Street. The Prince of Wales and all the swells among that lot were present. Cook won by 117 points. The first stroke was made at 8.15. The match lasted five hours—1,200 up. The new billiard tables are made with smaller pockets and the spot nearer the cushion.

It will interest your material prosperity friends to know that there will soon be patented a sheep washing and shearing machine, which is to do the work of 10 men, the work to be perfect, and done in a tenth part of the usual time. The machine can be worked either by hand or by steam. It is the joint invention of a Scotchman and a Yankee, a grand combination which must ensure success. I will keep you advised as to the progress of the inventors.

Bishop Temple has promised that his essay shall not appear in a future edition of "Essays and Reviews." Fanaticism rejoices, lovers of consistency weep at the Bishop's pusillanimity. If his submission is to his own conscience and religion it is well; but if his obeisance is to the god Respectability it is better that our Bishops should become friars and ride on an ass rather than drive in carriages with armorial bearings, in order to well marry their daughters. Dr Pusey has already given a screech of triumph in the *Times*.

Mr Bright, who has been suffering from mental overwork, is going to the seaside. If no relapse occurs it is hoped he will be able to resume his ministerial labours in a few weeks.

EDITOR'S TABLE.

The Cordillera arrived in Montevideo on Saturday. She brings some important items of news, which will be found in another column. A serious insurrection is progressing in Mexico, and the question of recognising the Cuban insurgents has again been brought forward by Gen. Sherman in the United States Senate. The disturbances in Paris were more serious than at first supposed, but everything is now quiet.

We regret to hear that the Very Rev. Canon Dillon, who accompanied the Archbishop to Rome, has been seriously unwell in Dublin, whither he had gone to visit his family. The reverend gentleman, by latest accounts, was somewhat better.

Fortunato Flores, who seems to be perfectly incorrigible, has committed another murder in Montevideo, and up to the present has escaped arrest; it is idle to hope that he will meet his deserts even should he be captured. His unfortunate victim was interred on Saturday last in presence of an immense and sympathising concourse of friends.

A North American paper anticipates that the Ecumenical Council at present being held in Rome will last for the next twelve years, and that but few of the prelates now sitting will live to see the end of it. Our colleague's estimate is manifestly on a somewhat exaggerated scale, though the history of the Church affords precedents on which to found it.

We hear there have been frightful losses caused by the late storm to the estancieros in the south of this province. In the Sanborombon upwards of 40,000 sheep have been drowned. An instance is mentioned of a poor widow who owned 3,000 sheep, of which only thirty remain. Mr. Harratt, it is said, has lost 10,000 and Dr. Gibbings 2,000. We greatly fear that we have not yet heard the worst of the disasters arising from the storm. We give a list of the losses of this kind in another column.

The Pacific steamer Cordillera brought 101 passengers to the Plate; they have all been sent to the Lazareto, on Flores Island, to go through quarantine.

Our friend Phillips, of Mineral Water fame, is going home to England, having sold his share of the business in Bond Street. Before leaving he gives a performance at the French Theatre, assisted by several artists well-known on our metropolitan stage. Mr. Phillips has prepared for the occasion an original comic song called "The Broken-down Sheepfarmer," which, we understand, is quite a gem in its way. We anticipate a regular bumper for our Mineral Water friend.

We understand that the ceremony of blessing the new Roman Catholic Church, that has lately been erected on Mr. John Maguire's estancia, four leagues from the Fortin de Areco, will take place on St. Joseph's day the 19th inst. The Rev J V Leahy will officiate on the occasion.

We received yesterday a letter from Mr. Jones of the Chupat Colony, who was to leave England on the 17th of January, in a sailing vessel of 300 tons which he has had built expressly for the use of the colony. A limited number of intending settlers come with him, but the bulk of those he has contracted with will follow him in larger vessels later in the season. Mr. Jones would have returned to the Plate much sooner, but for the serious illness of several members of his family.

We find the following in reference to Paraguay in our North American exchanges:—

'The forthcoming report of the House Committee on Foreign Affairs on the Paraguayan investigation, which will be made in a few days, will strip the pretence of a republican Government under Lopez of all its covering, and lay bare the fact that under him nothing in the shape of Government has latterly existed save a miserable despotism. This investigation has been long and patient. The friends of both parties in the contest have been heard, and this is the conclusion of the Committee, a majority of whom sympathize heartily with the genuine spirit of republicanism everywhere.'

We take the following from a Rio contemporary:—

'On the evening of the 23rd of Feb. the brigade of volunteers returned from Paraguay, under command of Colonel Faria Rocha, made their formal entrance and march through the city, after being received at their landing by the Emperor in person. The welcome given by the people was most enthusiastic, and, in addition to the decorations of the streets through which the troops passed, the city was generally illuminated.

'The carnival saturnalia were enjoyed with the usual good temper of the Fluminense public, and nothing oc-

curred to disturb the general peace. The carnavalesque clubs displayed increased splendour in their numbers and processions.

'H. H. Prince D. Felippe has entered as cornet into the 1st regiment of cavalry, in garrison in Rio. His Highness is to leave for Paraguay upon the 15th.

An Englishman was arrested for some trifling offence on Monday night on the beach; he resisted to such an extent that the 'vigilante' had to use his sword wounding his prisoner severely in the neck.

There is a great scarcity of metallic currency in Rosario at present, and the banks are putting on the screw to endeavor to keep what they have in their coffers. A momentary inconvenience has been caused to local trade by this dearth of the precious metal.

Messrs. Peña & Rosetti, the engineers sent to survey the passes of the Andes, through which it is proposed to construct the railway intended to cross the continent to Chile, send very favorable accounts of their expedition; they have already chosen a route across the Cordillera, and say that it presents few difficulties and no danger whatever.

There was a very serious row on Sunday night between some Italians and native inhabitants of the lower classes. We have heard that two of the combatants have since died. Since the *Intereses Argentinos* affair there has been a good deal of ill-will engendered amongst a portion of both the Italian and Argentine inhabitants of the humbler class, which will no doubt evaporate with time; meanwhile, the police should be energetic in preventing any public ebullition of it.

On Saturday last the import duties alone paid at the Rosario Custom House amounted to the sum of 6,082 hard dollars; by no means bad for one day's receipts.

General Jose A Paez, the veteran soldier of South American liberty, has been named general of division in the army of Bolivia by special decree of the President of that Republic.

The Royal Mail Steamer Oneida will leave to-morrow for Europe. The City of Rio Janeiro also sails to-morrow. Letters for the Oneida can be posted at the British Consulate up to 11 o'clock, those for the City of Rio will be received at the Port Captain's till 2 p.m.

The cattle shipped from Montevideo by the Ariadne reached Pernambuco in good condition, with the exception of seven animals which died on the passage to that port.

We regret to record the death of Mr Patrick Garahan of the partido de las Heras. Deceased was a native of Westmeath, Ireland, had been a long time in this country, and was generally known and respected.

The next mail due here from Europe comes per Hipparchus, which was to leave Liverpool on the 20th ult.

A colleague mentions a wholesale change, by order of the Governor of Santa Fé, in the Government employés in that province; political reasons are assigned for this extraordinary step.

The *Republica*, in reference to the creation of an Agricultural Department in the Government House, but lately remarked that none of the national ministers have overmuch work on hands, and that the duties of the new portfolio may very well be tacked on to those of some of the existing ministers. It matters little *how* the thing is done, but there should sit at cabinet councils some one whose duty it would be to keep the interests of the agricultural classes before the attention of the Government; up to the present they have been totally neglected.

Dr. D. C. J. Gomez addressed a few days ago a long letter to the *Tribuna*, containing suggestions for a new law of procedure. The project advocated indicates the utter helplessness of 'the gentlemen of the long robe' of this country to furnish any beneficial system, and that the reformation must come from outside. The country that has supplied Buenos Ayres with engineers must send us lawyers also, otherwise no good can arise. As well might Dr. Gomez endeavor to drive a bullock-cart on rails as hope to found a practical 'modus operandi' based on the musty, ridiculous Spanish system heretofore followed.

The Corrientes Government has addressed an important letter to the Immigration Commissioners on the subject of establishing European settlements in that province, which measure it is disposed to foster by every means in its power. It is proposed by the Corrientes Minister that a branch of the immigration office should be at once established in the capital of the province.

We regret to notice that Sr. Gorostiaga, Minister of Finance, has been seriously indisposed; he is however expected to resume his official duties to-day.

We heard yesterday with profound regret of the death in Cordoba of Dr. Dn. Paster Obligado, who has been for a long time in failing health. The deceased gentleman played a conspicuous part in public life for nearly half a century, and goes to the grave accompanied by the respect and esteem of all classes. We offer to his family our sincere condolence on the sad event.

To-night the opera of Aroldo will be repeated at the Opera House. The plot being laid in England at a most interesting period of our history, should render it attractive to our resident countrymen, independent of the very pleasing nature of the music.

In Paysandu during Carnival a 'comparsa' of young girls very well got up paraded the streets and created a furore wherever they passed. As one of the conditions of enlistment in the band consisted in the possession of a certain amount of good looks; the number of recruits rejected was, we are told, more than alarming.

'On dit' that a well known wealthy saladerista of the Uruguay will shortly lead to the Hymeneal altar a young and accomplished lady of foreign extraction, her father being English and her mother French.

Colonel Manuel Caraballo has jnst died in Entre Rios, after a short illness,

We will publish to-morrow the entries for the approaching Autumn Meeting of the Jockey Club at Belgrano on the 28th inst. Of the six races five have been filled and the sport promises to be good.

Captain Harrison has presented to the National Government drawings of a plan for laying down Beacon Buoys in the canal of Martin Garcia.

The Royal mail steamship City of Rio de Janeiro will be out of quarantine early to-day.

A BRITISH HOSPITAL IN ROSARIO.

Owing to the daily increase of British population at Rosario, as well as of a like augment in British ships arriving at this port, the undersigned have set themselves to the work of trying to establish a British Hospital here.

In our community of 20,000 inhabitants there exists but one Hospital, the "Hospital de la Caridad," which is supported chiefly by the Beneficencia Society and is situated at a very inconvenient position, the extreme south end of the town.

Moreover when the Cholera broke out in 1867, that Hospital was found insufficient as to its medical staff and other appliances to meet a little of the sufferings which then existed. The Sisters who are the nurses at this institution; although most kind and attentive to patients, do not speak a word of the English language. Therefore as nearly all British sailors, with the majority of new comers to this country, do not understand Spanish, the difficulty and inconvenience of not being able to converse in the same idiom must be equally distressing to doctors and nurses as to patients.

The British hospital is intended to be under the management of a British committee with doctor and nurses of the same nation. Of the last named two or three are expected to be procured from Florence Nightingale's "nurse training institution" in London. But citizens of all countries will be admitted into the hospital on equal terms with Englishmen, and shall be equally well cared for without distinction of race or creed.

The first to be obtained is a piece of ground, whereon to erect a hospital on true sanitary and hygienic principles. The second is to gather funds for the erection and furnishing of such a building. And the third is to secure by subcriptions, donations or otherwise a permanent fund to aid with the charges made to patients, the current expenses of doctors salary, nurses wages, medicines, provisions, and all necessary contingencies to keep the hospital in a state of efficiency.

Subscriptions and donations will be thankfully acknowledged, if forwarded to the British Consulate, Rosario.

ON 'CHANGE.

March 15, 1870.

Ounces,	400
Sovereigns	122½
Patacons	25
Nat. Bonds	67

The Bond market is again in the hands of the bulls. Prices for cash opened firm at 66½, and at once ran up to 67. Total cash sales 40,000. The market displayed a very healthy active tone to day, without the intervention of the Bolsa King. The purchases cash to-day were purely for foreign orders, and as yet these orders have not been filled, owing to the impossibility of purchasing any more cash. On time there are still a few sellers. One broker sold short for the end of the month and the end of April. In the liquidation prices ruled 67 cash buyers, and 67½ for the end of the month. The Bolsa King offered to buy one hundred thousand for the end of April at 67, which is almost equal to 68½ for the end of March. Certain parties it seems are in possession of some important information from the Government House respecting the negotiation of the much talked of loans. They buy, and consequently outsiders follow suit.

Exchange ruled to-day at 50½ and 50¾ on England, at 5.27 on France, and 5.29 on Antwerp. It is estimated that about £230,000 has been passed for this packet.

It was announced officially to-day that the passengers per Royal Mail Steamer Oneida and per City of Rio Janeiro will be out of quarantine to-morrow (Wednesday) provided always there is no sickness on board. There was much said on 'Change to-day about the scandalous neglect of the Government in not having a single Lazaretto or Sanitarium ready for passengers, neither at Martin Garcia nor at Ensenada is there the least accommodation; the result is that in fact the Government has really no place to land quarantine passengers, and hence if there is any sickness on board it has to be winked at, in cases where steamers have to leave before the quarantine time expires.

Captain Fredersken, of the Danish ship Karen, from Hamburg to Rosario, spoke the following vessels:—

The English barque Ocean, from Cardiff to Galle Point, on Feb. 20, in lat. 3.38 S., long. 26.20 W.

On Feb. 21, the English barque Bertie, from Cardiff to Singapore, 42 days out, in lat S. 5.49, long. 28.15.

On Feb. 23, the Spanish barque Ann E. Grant from Bilbao to Manila, 36 days out, in lat. S, 10.58., long, 31.5.

On Feb. 25, the English ship Rock Light, from Cardiff to Callao, 38 days out, in lat. 16.22, long. 33.12.

The sales in the North Plaza to-day were more active; prices about the same; but a mere trifle of wool in the market.

In the South Plaza only nine carts have arrived since Monday, which leads to the belief that the wool business is now over. Some few sales of wheat in the Once at 135; the losses in wheat by the storm are represented as very severe,

The sales of bonds for the end of March were as follows:—

5,000 at 67½.

25,000 at 67¼.

In the liquidation room prices closed at 67½, buyers.

The barque Hebe which arrived in this port on the 6th inst., with material for the Central Argentine Railway was detained by a mutiny of the crew, and only sailed for Rosario on the 13th.

The Maxima with a heavy cargo from Cardiff arrived, this day, and proceeded on at once. The next vessel expected is the Truo.

The second expedition of emigrants for the Colony of this railway at Roldan is on its way out from Marseilles in the ship Vauban with one hundred and fifty persons.

The remainder of the iron work for the viaduct of the Boca, Barracas and Ensenada Railway is also expected soon to arrive in the Balgownie from Middlesboro.

All the specie that has come in the Oneida for the Plate, some one hundred thousand sovereigns, five hundred thousand patacones has been placed inquarantine, and the cashiers of some of the private banks express great unwillingness to count the specie which has come from Rio, as coin is regarded as particularly dangerous; however, it is not to be supposed that the specie that has come down has been much in circulation, it has come from the bank vaults.

Captain R. G. McDougall of New York who has been in Rosario since last September arrived yesterday from that city, having concluded a contract with the merchants of Rosario for the construction of a steam tug to ply between Buenos Ayres, Colonia and Rosario, for the purpose of tugging vessels up the Parana. We have seen the contract which has been drawn up with the usual formalities and which holds for four years. The cost of the new tug is stipulated at $30.000 silver dollars. Captain McDougall stipulates to return within six months from the 1st of April. This new enterprise is another sign of the steady improvement of things up the River: for the trade of Rosario the steam tug will prove of incalculable service, whilst as a business speculation for Captain McDougal, it offers every security and inducement.

The packet has brought £70,000 sovereigns for Conceicao of Montevideo. 3000 sovereigns for McLean and 20,000 sovereigns for Lanuz yet these large purchases of gold have not the least driven up prices in Rio. Exchange ruled at Rio at 19½. The gold market looked flat and there can be no doubt when the news of the death of Lopex reaches Rio gold will fall considerably.

The Savoie, owing to the quarantine arrangements, will probably not be able to leave on her regular day. The Casini is now looked for, with dates from England to Feb. 15.

A special telegram was received to-day at the Brazilian Legation from Sr. Paranhos, in Asuncion. It fully confirms all the previous news. The Count d'Eu, it is said, will leave immediately for Rio, but Sr. Paranhos is not expected for at least two months.

The great losses suffered by estancieros and sheepfarmers during the recent storm is much spoken of; as yet it is impossible to give the exact losses.

Along the Sanborombon over 40,000 sheep were drowned; even at the North the losses have been heavy—at several estancias about a hundred and fifty in each flock.

The advices from Rio per Cordillera are as follows:

A commercial crisis is expected at Pernambuco The scarcity of money throughout the provinces causes a firmness in exchange.

Owing to the few takers, rates continued firm and we have no alteration to note, Banks drawing at 19¾ and private paper at 20d and 20½. The amounts drawn do not exceed:

On London, £150,000.

On Paris, one million frs.

Government stock, 6 per cent., remains firm at 83 per cent., and gold bonds at 100$000 premium.

Gold—A demand for the River Plate has caused an advance in sovereigns, and the stock on hands being small, prices are firm at 12$600, with an upward tendency. Ninety thousand sovereigns were shipped per Oneida for the R. Plate.

Commercial business during the fortnight has been very dull for all articles of import, as country dealers will not come to the city owing to the unhealthy state of the town.

South Plaza.

Very important transactions.

Almost all the wool in the Plaza has been sold. Prices obtained—$45, 47, 48, 49½, 50, 51, 53 55, 57.

DEATHS.

February 15, at Maranhao, Mr. Marcus Williams, an American citizen highly esteemed in the Northern Provinces, where he had resided for more than 26 years. Mr. Williams ascended the Amazon River many years since, when the voyage was an undertaking requiring nerve, patience, and no small outlay of money. To him the city of Maranhao is indebted for its fine Gasworks, and latterly he had invested capital in developing the industry of that province both there and at Para. He leaves a large circle of friends to mourn his sudden death.

IF THE STOMACH IS WEAK so is the individual, for no human being can thrive on indigestion. To avoid the pangs of dyspepsia some persons starve themselves, and even then do not attain their object, although they reduce themselves almost to skin and bone. There is an easy way to restore the stomach to its full vigor in dyspeptics choose to adopt it. A course of Bristol's Sugar-coated Pills will put the whole digestive, secretive, and excretive apparatus simultaneously in order, and relieve the debility which indigestion inevitably produces The sugar envelope aenders the pills as palatable as confectionery.

SAVINGS BANK
BANK MAUA AND Co.
101--Cangallo--103
BUENOS AYRES.

The immense advantages of Accounts Current we now so generally felt and appreciated in the two great emporiums of the River Plate, Montevideo and Buenos Ayres, that there are very few Merchants who fail to keep one at the bank in which they place the most confidence.

The Bank of Mauá & Co. in Montevideo has already provided for the working classes in that city a safe and profitable depositary for their savings.

The sums deposited in that very important institution are daily increasing, and already reach a very large amount.

These advantages have not hitherto been enjoyed in this city by an immense number of clerks artisans, working men, and servants of all classes and conditions, who are equally interested in putting their savings out at interest, thus providing themselves with a reserve fund in case of need, sickness, or old age, instead of spending them in the immoral gambling, in lotteries, and other frivolities.

The Bank of Mauá & Co. of this city, following the noble example of their firm in Montevideo, now offer the same facilities in this city, and has opened a Savings Bank at No 103 Calle Cangallo from Nine a.m. till Three p.m. every day, for the reception of the savings of the classes alerady mentioned, Sundays an holidays excepted.

The Bank will deliver to esch depositors a pass book, in which will be entered the amount deposited and withdrawn.

The depositor is permitted at any time to withdraw the whole or part of the sum deposited; in the former case the interes will be calculated up to date.

The Bank of Mauá & Co. is sufficiently known to the Public by the benefit derived from the course of its operations, which are regulated on the strictest and soundest principles, and always directed to promote the general welfare.

The Bank of Mauá & Co. are also persuaded that this new branch of their business will render immense service to the working classes of Buenos Ayres and its neighborhood.

Buenos Ayres, 2nd January, 1867.

P. P. MAUA & Co.,

M. A. DE FREITAS AMORIM.

CONDITIONS.

First—The Bank receives at interest any sum from Twenty-five Dollars currency or one Silver Dollar upwards.

Second—The interest allowed is six per cent. (6 p. %) per annum, which is liquidated every six months.

Third—The depositors can at any time retire the whole or part of the money deposited.

Fourth—Once the money deposited exceeds one thousand dollars currency, or one thousand dollars silver, the depositor, if he wishes can open an account current, according to the rules established by the Bank.

Fifth—In case the depositor loses his pass book it can be replaced by another on paying twelve dollars currency, and advertising the loss in the public newspapers.

VALUABLE SAW MILL PROPERTY FOR SALE, IN BRAZIL.

A very favorable opportunity for a profitable investment in producing the most beautiful kinds of the variegated woods of Brazil, is now offered to dealers in Mahogany, Rosewood, Lignumvitæ, Brazilian Cedar, Cannela, Perroba, and the celebrated Arriba, the richest veined cabinet woods of South America.

The transportation of logs down the River Itajhay, by one branch of fifty miles, and another of forty miles, affords great facilities for an abundant supply for the Saw Mill.

The Mill is located only 1¼ miles from the sea, in the Province of Santa Catharina, 45 miles distant from Desterro, the capital, and 350 miles south of Rio de Janeiro by sea. Vessels drawing 18 feet of water can take cargoes from the Saw Mill Wharf.

The Saw Mill is 108 feet by 72 feet, with about six acres of land, containing orange and banana trees, and a tenement House 108 feet by 32 feet.

Piles are driven to form a large Boom for Logs, and a Logway and Apparatus made for drawing up the logs to the Mill, together with a Doubletruck Railway for delivering the sawed lumber on shipboard.

An Office and Storehouse are on the Premises

There are two new large Cylindrical Flue Boilers, with a return flue through each, made of the best flange iron, and a powerful Steam Engine, capable of sawing 12,000 feet of boards in a day; a 60-inch circular saw, spare saw, and extra movable teeth, slabbing and edging saw, best double leather belts, a good blacksmith's and carpenter's shop, turning engines, and a supply of vices and tools for repairs.

The whole Establishment is the most complete in South America.

A new and first-rate large planing and grooving machine is in operation in the Mill.

A Plan of the Building, and samples of the beautiful available woods, may be seen, on application to Crawford Allen, Providence; or Allen D. Baily, 181 Pearl-street, New York. Post Office address—Box No. 690.

THROUGH
DR. RADWAY'S
SARSAPARILLIAN RESOLVENT

Every drop of the Sarsaparillian Resolvent communicates through the Blood, Sweat, Urine, and other fluids and juices of the system, the vigour of life, for it repairs the waste of the body with new and sound material. Scrofula, Consumption, Syphilis, uncured and badly treated Venereal, in its many forms, Glandular disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands and other parts of the system, Sore Eyes, Strumorous discharges from the Ears and the worst forms of Skin Diseases, Eruptions, Fever Sores Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, Cancers in the Womb, and all Weakening and Painful Discharges, Night Sweats, Loss of Sperm and all wastes of the Life Principle, are within the curative range of this wonder of Modern Chemistry, and a few day's use will prove to any person using it for either of these forms of disease, its potent power to cure them. If the patient, daily becoming reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood, and this the Sarsaparillian will, and does secure, a cure is certain, for when once this remedy commences its work of purification, and succeeds in diminishing the loss of wastes, its repairs will be rapid, and every day the patient will feel himself growing better and stronger, the food digesting better, appetite improving, the flesh and weight increasing.

Not only does the SARSAPARILLIAN RESOLVENT excel as a known remedial agents in the cure of Chronic, Scrofulous Constitutional, Skin and Blood diseases, but it is the only positive cure for Kidney, Bladder, Urinary and Womb disease, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Brights Disease, Albuminuria and in all cases where there are brick dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg or shreads like white silk, or there is a morbid, dark, bilious appearance, and white bone dust deposits, and when there is prickling, burning sensation when passing water, and pains in the Small of the Back, along the loins.

In all these conditions Radway's Sarsaparillian Resolvent, aided by the application of Radway's Ready Relief to the Spine and Small of the Back, and the Bowels regulated with one or two RADWAY'S REGULATING PILLS per day will soon make a complete cure, and in a few days the patient will be enabled to hold and discharge his water naturally without pain, and the Urine will be restored to its natural clear, and amber or cherry color.

☞ Sold by Druggists everywhere.

Radway's Ready Relief,

THE CHEAPEST AND BEST MEDICINE FOR FAMILY USE IN THE WORLD.

One bottle will cure more complaints and prevent the system against sudden attacks of Epidemics and contagious diseases, than one hundred dollars expended in other medicines or medical attendance.

The moment RADWAY'S READY-RELIEF is applied externally—or taken internally, according to directions—Pain from whatever cause, ceases to exist.

IMPORTANT.

Miners, Farmers and others residing in sparsely settled districts, where it is difficult to secure the services of a physician, RADWAY'S READY RELIEF is invaluable. It can be used with positive assurance of doing good in all cases where pain or discomfort is experienced, or if seized with Influenza, Diphtheria, Sore Throat, Bad Cought, Hoarseness, Difficult Colic, Inflammation of the Bowels Stomach, Lungs, Liver, Kidneys or with Croup, Quinsy, Fever and Ague; or with Neuralgia Headache, Tic Doloreux, Toothache, Earache; or with Lumbago, Pain in the Back, or Rheumatism; or with Diarrhœa, Cholera Morbus, or Dysentery; or with Strains, Cramps or Spasms, the application of RADWAY'S READY RELIEF will cure you of the worst of these complaints in a few hours.

RHEUMATISM.

This painful disease has baffled the most skillful physicians and popular remedies. It is the most difficult of diseases to treat, yet RADWAY'S READY RELIEF has never failed in affording immediate relief to the sufferer; and in all cases of Acute, Inflammatory or Nervous Rheumatism, to effect a Permanent cure. (In Chronic Rheumatism or Gout, RADWAY'S RENOVATING RESOLVENT AND REGULATING PILLS should be taken as an adjunct with the READY RELIEF.)

Sold by Druggists everywhere.

Dr. Radway's Pills.

For the cure of all Disorders of the Stomach, Liver, Bowels, Kidneys, Bladder, Nervous Diseases, Headache, Constipation, Costiveness, Indigestion, Dyspepsia, Biliousness, Bilious Fever, Inflammation of the Bowels, Piles and all Derangements of the Internal Viscera.

*** Warranted to effect a posive cure. Purely vegetable. Containing no Mercury, Minerals or Deleterious Drugs.

OBSERVE THE FOLLOWING SYMPTONS RESULTING FROM DISORDERS OF THE DIGESTIVE ORGANS:

Constipation, Inward Piles, Fullness of the Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side Chest, Limbs, and sudden Flushes of Heat, Burning in the Flesh.

A few doses of RADWAY'S PILLS will free the System from all the above named disorders. —71

Caution:

As some unprincipled Druggists are selling a spurious preparation, representing it to be the genuine "Dr. Radway's Ready Relief," the Public are cautioned against purchasing same, as it is only calculated to increase, instead of mitigating, the disease. The deception is easily detected, the figures on the wrapper of the falsified being badly brought out (apparently from a wood engraving), whilst those of the genuine are beautifully distinct. The signature of Radway and Co. is also badly imitated, and the bottles are somewhat larger than those received from Dr. Radway and Co.

APPEAL
ON BEHALF OF
THE BRITISH HOSPITAL,
MONTEVIDEO.

In the year 1857 it was found to be necessary to provide special Hospital accommodation in this city for our fellow-countrymen. A Building, affording a sufficient number of Wards to meet our wants at that time was accordingly rented, and furnished with all the usual appliances. But in the year 1865, from the vast increase which had taken place in the number of vessels frequenting the Port, this Building became so overcrowded, that, on the appearance of an Infectious disease, it was felt that the lives of the patients were seriously endangered, while many applications for admission could not be entertained by the Committee. It was then resolved to put forth a special effort to procure larger and more suitable premises, and for this purpose an Appeal for Funds was made to the British residents, and was by them most liberally met.

A site was then purchased and a Building erected on it, furnishing Beds for Fifty Patients, besides Rooms for a Superintendent and Matron, a Surgery, and all the usual Offices; while it was so constructed that, should a necessity arise at a future day, additional wards can be added at a trifling expense. We have thus an Hospital, in all respects, admirably adapted to meet our necessities, and incurring expenses for general management never exceeding our annual income.

The total cost of site and building has been thirty-six thousand dollars, of which sum twenty-one thousand have been paid, leaving a deficit of fifteen thousand dollars. This sum has been lent to the Committee at interest by several British residents; but, with a community so small, and continuing to support their other Institutions, and that during a period of severe commercial and monetary distress, it is hopeless to expect to pay it off without assistance from other quarters.

The Committee propose to hold a Bazaar in September, 1870, and they make a general appeal for contributions of money, and of useful and ornamental articles, suitable for sale, believing that when it is seen that the British residents in this City have not been backward to help themselves, but that they have been willing to their power, yea, and beyond their power; and the Committee trust this Appeal will be met by every men with a generous and liberal response.

Private patients are received in separate rooms, at the rate of three dollars per day, including all expenses.

Rooms with Two Beds.

Private patients are charged only one and a-half dollars per day.

A Reading Library on the Premises, at the disposal of inmates.

Contributions should be forwarded before the 30th April, 1870, to the addresses noted at foot, and will be thankfully acknowledged by the Committee.

GINEBRA. ANCLA.

A LOS SEÑORES ALMACENEROS Y LOS DEL GREMIO ESTABLECIDOS EN LA CAMPAÑA, COMO A TODOS LOS CONSUMIDORES DE GINEBRA EN GENERAL.

Habiendo los Señores J. Lassalle hijo introducido ultimamente fuertes partidas de Ginebra con el nombre de un fabricante fingido, imitando hasta los menores particularidades de la condicion esterior de la Ginebra marca Ancla volvemos á hacer recordar al público que la verdadera Ginebra marca Ancla no puede traerse al Rio de la Plata sino por nuestro conducto, segun consta por el certificado que sigue al pié de la presente.

Hacemos observar que la imitacion que actualmente se está ofreciendo en el mercado, engaña con facilidad al que nos desconfie y por lo tanto damos á continuacion las señas de la marca Ancla verdadera.

Esterior de las frasqueras, de un lado se halla el nombre de los fabricantes—

VAN HOYTEMA & CO.

en letras blancas, y tambien una ancla. La tapa de las frasqueras viene con nuestras iniciales A. & H.

El frasco tiene cápsula y etiqueta con el nombre de los fabricantes;—está tambien claramente estampado el dicho nombre en el plano del frasco pero de un lado solo.

LA IMITACION

a la que principalmente se refiere este aviso, tiene casi las mismas señas, solamente que el nombre, de que se han servido los introductores, es el de Van Kotema & Co.; han cambiado pues la H en K y han suprimido la Y que debe seguir despues de la O en el nombre verdadero.

Esteriormente se conoce la imitacion por traer las frasqueras el nombre del supuesto fabricante en letras negras, mientras que la legitima viene con letras blancas. La marca de fuego dice V. K. & Co. en lugar del V. H. & Co. de la legitima. En las letras estampadas en el plano de los frascos se nota que las de la imitacion son mucho mas grandes que las de la Ginebra Legitima.

Tenemos aviso de otra imitacion mas, pero no nos detenemos con ella, estando por lo que antecede suficientemente esplicadas las señas que unicamente merecen fé.

Se nos ha imitado tambien nuestras Damajuanas de la misma fábrica, pero como todas ellas vienen con nuestro nombre en las otiquetas, basta que los compradores se fijen en este requisito.

Buenos Aires, 7 de Marzo de 1870.

Arning & Hütz.
Cuyo 65.

CERTIFICADO.

Por la presente declaramos haber nombrado a los Sres. Harning & Hütz en Buenos Aires como agentes unicos para la venta en los puertos del Rio de la Plata, de la Ginebra de nuestra fábrica, acreditada bajo la marca Ancla.

Al mismo tiempo nos obligamos a no consignar ni vender los productos de nuestra fábrica de Ginebra a otras casas para la exportacion del Rio de la Plata.—Rotterdam, Abril 1869,

[Firmado] Hoytema & C.

El abajo firmado, Consul de la Republica Argentina en Amsterdam, certifica: que la firma que está al pié de este documento es la de los Sres. Van Hoytema & Co., y escrita de su puño y letra.

Para constancia doy el presente firmado por mi y sellado con el sello de este Consulado.
